The true essence of a Maldivian island paradise

A pearl-like string of island atolls on top of a vast submarine mountain range in the Indian Ocean forms the smallest Asian nation, the Maldives. Blessed all year round with a tropical climate and average temperatures of 30° Celsius, this stunning destination is the ideal place to indulge in restful vacations, or exhilarating adventures.

From romantic sunset dinners and couple's spa sessions, to family fun at the pool and daily kids club activities, the options are limitless to make this the holiday you want it to be. Far from the clutches of stressful city life, Jumeirah Vittaveli lies nestled in a spot of graceful elegance, offering excitement within endless beauty.

The resort brings alive the quintessential Jumeirah experience, from the traditional Maldivian island welcome and seamless hospitality, to meticulously crafted activities designed to excite and please. It is an ideal location for the perfect honeymoon or for creating incredible family memories that will last a lifetime.

Location | A short 20-minute boat ride from Male International Airport transports you to this serene island resort. Located in South Male atoll, this is a luxury getaway within easy reach. Here you'll discover vast stretches of white sandy beaches and crystal clear waters, forming an exquisite scenery for you to gaze upon, as you let the slow pleasures of life take over.

Seasons | The weather in the Maldives is generally pleasant with balmy mornings, sunlit days, iridescent sunsets and breezy nights. With the average temperature at about 30°Celsius throughout the year, Maldives has two distinct seasons: the dry northeast monsoon from December to March and the wet southwest monsoon from May to November.

April is a transitional period between the two seasons with occasional thunderstorms that offer a welcome respite from the sun.

Destination | A smooth twenty-minute ride from the resort on-board a luxurious motorised catamaran - the only fleet of its kind in the destination - lies the capital island of Male. Unique in every way, this 5.8 sq km island, with a population of 150,000, is one of the most densely populated capital cities in the world. With a remarkable mixture of modernism and traditional Maldivian culture, Male is also a great place for shopping and sightseeing; don't miss the local fish market where freshly caught yellow fin tuna and wahoo is hauled in each morning, next to an abundance of other reef fish that make up the main staple of the Maldivian diet.
