EAT WELL

ISLAND KITCHEN

The airy and modern Island Kitchen offers an exciting all-day dining experience in the resort's spacious pool area.

Guests can enjoy breakfast, lunch and dinner dishes which feature a delicious combination of flavours inspired by Chinese, Maldivian and Indian cuisine. Our chefs create tantalising menus that stay true to our Westin Eat Well philosophy, providing diners with balanced and nutritious dishes.

With its three separate open kitchens, Island Kitchen's expert chefs display their passion for food and flavours as they prepare your meal.

THE PEARL

Sitting over the water at the end of a jetty, The Pearl offers a unique and elegant Japanese inspired dining experience. However it's not just the breathtaking setting that makes this restaurant so special, it's the combination of talented chefs, freshly caught seafood and well chosen local ingredients which blend together in traditional recipes to create exceptional dishes which are just as memorable as the highly-personalised service.

And with panoramic views from every table, you can experience exhilarating seascapes as well delicious dining.

HAWKER

The buzzing, energetic Hawker restaurant and bar sits among the fringed palm trees of the island, looking out towards the ocean.

Named after the entrepreneurial street food vendors who make and sell their wares in markets all over the world, this bustling dining experience brings the 'hawker' tradition alive for you to enjoy.

Casual and colourful, Hawker has a live, open kitchen which showcases our talented chefs as they prepare then cook a variety of authentic Asian street-foods inspired by flavours from around the globe.
