Testimonials

Familymoon of a lifetime

"Where to start? this is a truly exceptional hotel, in fact it feels more like home. From arriving until we left we can not fault this place or the staff. Yea it may be more expensive than some of the other resorts, but you pay for what you get. There's entertainment on every day, music by the pool, the band deviate play at various locations, dancing by the pool each day at 11am, different entertaining acts on some nights. The food is absolutely beautiful, and lots and lots of choice, plus you can use the other facilities over the bridge at sail lagoon and marina crossroads. We were all inclusive so could eat anywhere apart from 3 restaurants (well you can if you pay but you also get money off the bill anyway if all inclusive) there's enough choice to eat at a different place if you're there for 1 week.

The pool bar staff are amazing, nothing is too much trouble. Shout out to Carlton who is food and beverage manager, he is an absolute legend, he makes you feel like family, he remembers your name and is so kind and approachable, true asset to the company. Also Thoi and Loamey were wonderful and very accommodating to us. If you have children and are thinking of taking them, then do. They are great with kids and have a lot of amenities for them for the rooms. We had a over water villa with pool, and I would definitely stay there again. We would love to go back and we had such a wonderful time. If you're considering it then back it, you won't regret it."

Shukuriiyaal

"This was our first time visiting the Maldives and we weren't sure what to expect, especially at the Hard Rock Hotel resort. We had the most amazing time and although we like to travel to different places it will be difficult not to return here in the future sometime.

The overwater villa left us speechless and it was amazing to start off each day swimming in the warm lagoon just down the steps 5 metres from our bed. And the show each morning as the birds chased the tiny fish (breakfast) being pursued by the jetfish!

The hotel is linked to two other resorts by a bridge and really provides a variety of options, eating and exploring, as they all have complementary deals. The food is fantastic, cocktails are never-ending but the staff outshone everything else. Everyone is so friendly and helpful, from the staff at breakfast, to Gado (keep learning the Irish) and his team in the Elephant & Butterfly to Shuau (who explained all things Maldivian to us and tested out knowledge too) and who took extra great care of us in the pool bar (also our late night fusion bartender who makes a mean Negrani). And overseeing all of this with a calm assurance is Carlton the manager, making sure that everyone is not just having a good time, but a great time. When do you sleep Carlton, I've seen you a little after 7am for your breakfast greeting, multiple times during the day and then also late at night after the main events - maybe twice?

We're not usually people for the resort entertainment but the Abracadabra dancers were superb and the band Deviate were amazing...so so talented and giving fantastic performances on a minute's request. What voices and guitar and drum solos!

Thank you all for an amazing holiday and your bottomless hospitality. Shukuriiyaal Fahun baddhatuvane (we're still learning Shuau and Gado)."

Wonderful hotel with 10/10 staff

"Quite possibly the best staff of any hotel I have ever stayed at! Thanks to all of the Hard Rock Hotel Maldives staff that made our week so great. Special mention has to go to Nish at the pool bar! As well as the service being incredible, the food was so good - particularly at Kebab and Curry.

Tip: If people want to go snorkelling, head over to the SAIL hotel on the neighbouring island (for free) and go to the edge of the reef. Thousands of incredible fish and you might even spot sharks and dolphins if you're lucky!

Few suggestions to make everything 10/10
- make the all inclusive a proper all inclusive with snacks anytime, mini bar in room included etc.
- use glass bottled water for the rooms to help continue your great drive for sustainability
- add espresso/coffee machines for the rooms

Would definitely recommend this hotel to anyone! Oo and you will have a wonderful time!"

Paradise

"We chose the hotel as we loved the choice of restaurants and, obviously because it's paradise. We are not disappointed...

Food is amazing.
We're in a gold beach villa and it's stunning with a generous bathroom / dressing area and the room leads straight onto the beach

Service from the bar staff is amazing. Remembers your drink straight away and can't do enough for you. And just to mention, I know everybody already has, but special thanks to Carlton. He goes out of his way to ensure that you're having the time of your life. Really goes above and beyond. Never seen another person make as much effort to make sure you're happy, and I have travelled all over the world.

Thank you to all the staff.
Highly recommend."
